Registration is required to attend Short Course sessions, except the Farm Business Management\*\* and the Agriculture Water Management\*\* sessions which are open to all Pacific Agriculture Show attendees. Registrants pick up their show pass when they arrive at Tradex.

#### 2022 Registration Fees

Before March 7th, 2022

- \$110 first person
- \$100 additional people from the same organization

After March 7th, 2022

- \$140 each attendee

For 2022, there are two ways to attend—in person at Tradex or by webinar access. All registered attendees will be provided with the ability to access the Short Course via webinar, giving them a choice to attend in person, online, or a combination.

#### Notes

##### 2022 Horticultural Growers Short Course

- ID and a matching vaccine passport will be required to enter Tradex
- Masks are required indoors
- The traditional growers lunch cannot be offered due to COVID restrictions. Session start/end times are staggered to accommodate food service at Tradex.
- Registration is live. [Click Here to Register](#)
- Pesticide Applicator credits will be available in the 2022 program content.

The LMHIA organizes the annual Horticultural Growers' Short Course together with BC Ministry of Agriculture, Foods and Fisheries staff, in partnership with the Pacific Agriculture Show. The funds raised from registration/ membership are primarily used to fund agriculture research projects which benefit farmers and producers on the Lower Mainland and other areas in BC. LMHIA also manages a pesticide certificate re-certification program for members.
